

MindMe **International**

Empowering Communities For Sustainable Development.

Who we are

MindMe International (MMI) is a Non-Governmental Organization in Kenya that empowers communities through sustainable development.

Our purpose is to champion for goal number 4, Quality Education have a society that is **free from extreme poverty** through localized development. Founded in 2012, we are driven by the belief that everyone deserves a chance at a better future.

Vision

To have a just and sustainable world free from extreme poverty

Mission

To provide essential resources, support, and opportunities to those in need, ensuring a brighter and more equitable future for all.

Who we are

MindMe International promotes Goal 4, Quality education, where we **ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.**

We are committed to raising awareness of the Sustainable Development Goals (SDGs) within local communities, with a specific emphasis on Goals 1, 4, and 5. These goals are in direct alignment with our vision, mission, and ongoing initiatives.

Our Programmes

“Laibu Mtaani” -Solar powered tech community libraries with internet access

Youth: “Wezesha Creatives”- creatives empowerment program

Women:Empowerment training

SDGs Literacy- Digital localization and training

“Laibu Mtaani” - Solar powered tech community libraries

This initiative aims at providing safe study community spaces powered by solar. The spaces, fabricated shipping containers, are equipped with study materials and internet access for the students aged 10-18 years.

The containers facilitate ease of set up, standardization, cost effectiveness across all the libraries.

Youth: “Wezesha Creatives” - creatives empowerment program

We are training youth on content creation digital and entrepreneurship skills through creative countrywide training workshops in universities and counties .We have a partnership with Cameras Africa and Kenya Film Commission.

We also have a young peoples programme (12-17 years) in junior and high schools empowering young changemakers on photography skills while amplifying achievement of the United Nations Sustainable development goals (SDGS).We have a partnership with Canon.

Women: Empowerment training

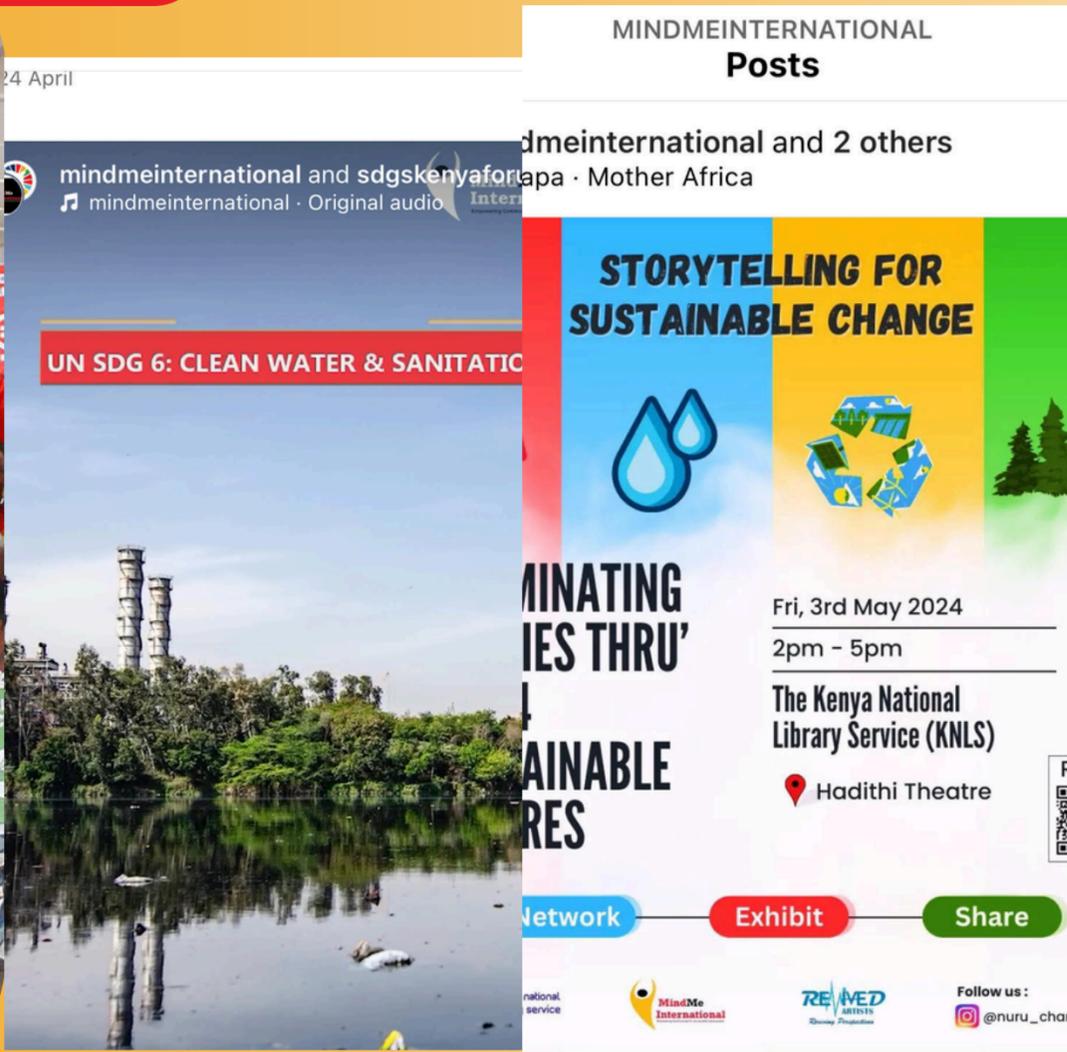

At MindMe International, our mission is to enhance the livelihoods of the most vulnerable women in society.

We firmly believe in the economic potential of women and their ability to contribute to overall development.

We train them on various economic empowerment skills and opportunities.

SDGs Literacy- Digital localization and training

MindMe International is training localization of what the Sustainable Development Goals (SDGs) are through digital literacy which is crucial for **fostering global progress and sustainability.**

By using the power of digital skills on our social platforms we do videos, graphics that are tailored to showcasing and training audiences across various demographics on what the SDGs are in local context.

This connects the importance of storytelling as a tool to realize the SDGs.
